| <p>BirthRoots 6 Forest Hills Dr Hooksett NH 03106 603-216-9237</p> <p>Website: birthroots.org</p> | <p>“The doula can help the family ease through the adjustments and the changes a new baby brings by emotionally and physically helping the family during the postpartum period. She is not a baby-nurse, R.N., or a home-health aide. She is a non-medical, specialized support person who, rather than take over baby care, offers instruction in newborn care and breastfeeding. A doula may watch the baby so the mom can catch up on her sleep. More often, mom will mother her baby while the doula brings her meals and drinks, helps occupy the other children, runs to the store, keeps the laundry going, starts dinner for the family, and helps to keep the house presentable.”</p> | <p>BirthRoots Doulas offers in-home postpartum care and breastfeeding support in Southern and Central New Hampshire including greater Concord, Manchester and Nashua areas and the Monadnock Region.</p> <p>BirthRoots offers a variety of packages to suit your postpartum needs. Please inquire for more details.</p> <p>We at BirthRoots believe that every woman is entitled to a doula at their birth no matter what their race, sexual orientation or financial status. We offer affordable payment plans as well as a sliding scale fee.</p> |
